Who are we...

The Irish Solar Energy Association (ISEA) was founded in May 2013. ISEA is committed to bringing attention to the value of solar energy's contribution to Ireland's economic and environmental future.

ISEA will contribute to the development of viable renewable energy policies that support solar in Ireland including lobbying activities, conferences, and other forums that bring key stakeholders together to shape policy.

Solar is a rapidly developing technology that has minimal impact on the environment with maximum benefits. Solar is forecast to become the most economically viable renewable energy source globally in the coming years.

ISEA recognises the potential for solar in Ireland, and will work tirelessly with our members to promote solar not only as a means for meeting Ireland's renewable energy and electricity targets, but as a long-term sustainable and clean option with numerous benefits for Ireland economically, socially and environmentally.

Our mission

- Work to influence government policy on renewable energy.
- Work with members to provide industry evidence to government to inform policy.
- Champion solar to investors, policy-makers and the public to educate and inform them on the benefits of solar.

Working groups

- **Groundmount Policy Group**
Chair: David Maguire, **BNRG Renewables**
- **Rooftop Policy Group**
Chair: Gerhard Heyl, **PV Green Energy**
- **Grid Connection Group**
Chair: Peter Kavanagh, **Highfield Solar**

Chair: Bill Senior, **Power Capital** & John Swan, **Harmony Solar**
- **Standards and Training Group**
Chair: Robert Goss, **Solar Electric**
- **Communications Group**
Chair: Bill Senior, **Power Capital** & Anne Arnold, **Elgin Energy**

Benefits of membership

There are many tangible benefits to ISEA membership such as having a dedicated organisation championing your industry and ensuring you can be seen and heard. However, there is much more.

Organisations that actively participate derive the greatest value from their membership including:

- Representation, advocacy and a strong voice working on member's behalf to influence government policy on solar. ISEA is your vehicle to reach government representatives
- Exclusive access to special interest workshops and reports. ISEA connects experts along the value chain
- Benefit from reduced registration fees for attendance at ISEA events, and other partner discounts
- Access to a monthly newsletter with information on renewable energy markets, policy reforms and technology/R&D updates
- Company logo on ISEA website raising your profile in the solar community
- ISEA logo use on your company website and promotional materials which will confirm your status as an established industry supplier
- Guidelines & best practice in relation to:
 - o Planning
 - o Biodiversity
 - o Agriculture
 - o Community
- Policy updates
- Opportunities to participate with working groups
- Be part of a strong network of companies focusing on collaboration

Become a member of ISEA to expand your resources and influence in the Irish solar industry, grow business opportunities and partnerships
